

INDIANA DEPARTMENT OF ENVIRONMENTAL MANAGEMENT
NANCY A. MALOLEY, Commissioner

105 South Meridian Street
P.O. Box 6015
Indianapolis 46206-6015
Telephone 317-232-8603

Mr. Rick Howe
Cape Cod Biochemical Company
P.O. Box 990
Pocasset, MA 02559

Dear Mr. Howe:

Re: Septic Tank Additives
Approval No. 88-03

BIO-REM E-D and CCLS marketed by Cape Cod Biochemical Company are approved for distribution by permitted Wastewater Management businesses pursuant to Rule 327 IAC 7-3-1.

This approval is based on technical data provided to this office on October 24, 1988. Should that analysis be changed for any reason, this approval is void.

This approval is not an endorsement of said products and only indicates that this office considers them to be safe from an environmental standpoint.

The Department of Environmental Management does not recommend the use of septic tank additives since we know of no independent study which supports the contention that additives are of benefit to a properly operating disposal system.

This approval letter may not be used in part and must be reproduced in its entirety.

Sincerely,

Charles B. Bardonner
Assistant Commissioner
Office of Water Management
